

Advertising a notice of an application for an exploration licence (operation allocation) for Group 9, or Group 9A

General information

For the purposes of Section 13A(2)(c) of the *Mining Act 1992* and Clause 15(2) of the Mining Regulation 2016, this document details the form and information to be included in a notice of the application for an exploration licence.

In accordance with Section 13A of the *Mining Act 1992* and Clause 15 of the *Mining Regulation 2016*, exploration licence applicants must publish a notice of the application in a newspaper circulating generally in NSW, and in at least one regional newspaper circulating in the area of the proposed exploration licence. The notice must be published within 45 days from the receipt of confirmation of the application.

For a list of metropolitan and regional newspapers in NSW, visit www.newspapers.com.au.

The aim of the advertisement is to notify the community that an applicant has applied for an exploration licence in the area.

Invitation for public comment

Public comment on any exploration licence granted as part of this application, may be made within 28 days of this advertisement. To find out more on the public comment process go to: www.regional.nsw.gov.au/meg/community/landholder-rights/public-comment-on-coal-and-petroleum-titles or call the Department of Regional NSW on (02) 4063 6600.

Comments received that relate to mining will not be considered in this process as an exploration licence does not permit mining activities to occur.

The Department reserves the right to make all or part of any submission publicly available, however personal information identifying an individual will not be published.

Notes:

* The town/village, or direction to it, must also be labelled on the diagram, or an arrow and distance to it.

** The phone number provided in the advertisement must have voice mail facilities to record messages by after hour's callers.

Plan/diagram requirements

- Must be at least 6cm in width and at least 6cm in length.
- The minimum resolution must be at least 300 dpi at final size.
- Must be based on an accepted standard map (e.g. county map, topographic-cadastral map).
- Must identify any main roads, rivers, railways, villages/towns and localities).
- Must define the external boundaries of the proposed exploration area (application area), with a bolder line than other lines shown on the map.
- Must have a north point and bar scale.
- Must contain lettering that is legible at the publication size[#].
- Must show the distance and direction to the town mentioned in the text.

[#]Note: To ensure your published advertisement is legible and the diagrams appear correctly you may wish to contact the newspapers to confirm their advertising specifications (e.g. minimum font size, file type accepted, image resolution required).

[MinView](#) is an online department tool that may help you prepare your plan/diagram. A copy of MinView maps must not be used for advertising. For further details go to:

www.regional.nsw.gov.au/meg/geoscience/minview

In remote areas, you may want to choose a larger 'footprint' to include a familiar road or locality. Similarly, if the area is close to a familiar road or locality, the area may be smaller and cadastre may be appropriate.

Note: It is recommended that the advertisements are proofread by the applicant prior to being published. Errors in the text and diagram will require the advertisements to be re- advertised at the cost of the applicant.

Submission of advertisements

The two advertisements shall be submitted (preferably in one email) to MEG at resource.operations@planning.nsw.gov.au **OR** applicants may also submit the two advertisements through the Titles Management System (TMS) as attachments to the relevant online application.

Should you not be able to comply with the requirements detailed in this document you must seek prior approval to vary the requirements. Requests to vary the requirements are to be emailed to resource.operations@planning.nsw.gov.au. Include a copy of the proposed advertisement with an explanation of why the requirements could not be complied with.

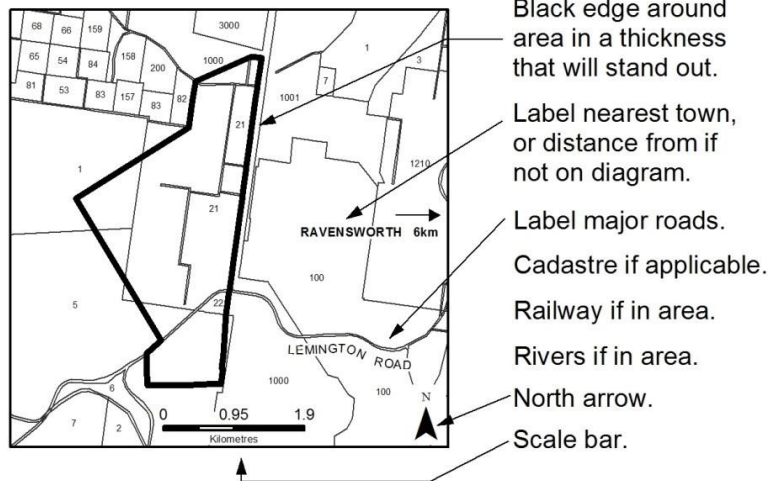

Advertisements found not to comply with the requirements in this document (or any approved variations) will not be accepted and will require the advertisements to be readvertised at the cost of the applicant.
